Foreword

The Bureau of Infrastructure, Transport and Regional Economics (BITRE) monitors the punctuality and reliability of major domestic airlines operating between Australian airports. The purpose of this is to allow for evaluation of overall industry and individual airline performance, so that consumers of air travel can make informed decisions.

The following domestic airlines report this data monthly to the BITRE: Jetstar, Qantas, QantasLink, Regional Express, Skywest Airlines, Tiger Airways, and Virgin Australia. Data has been gathered since November 2003, although some airlines commenced reporting at a later date, including Jetstar which first reported in May 2004, MacAir in July 2005 and Tiger Airways in April 2008. MacAir ceased operations in February 2009 and data was not received for December 2008 onwards. Virgin Blue was rebranded as Virgin Australia in May 2011 and time series data in Microsoft Excel spreadsheet format on the BITRE website has been revised to reflect this. Services operated by Skywest on behalf of Virgin Australia using ATR/F100 aircraft commenced in November 2011 and are shown separately as Virgin Australia – ATR/F100 Operations.

Information presented in this report is for Australian domestic routes for which the passenger load averaged 8 000 or more passengers per month over the previous six months and where two or more airlines operated in competition on those routes. There were 56 routes that met this definition in June 2012. Over time, routes which meet these criteria change as airline networks and traffic levels vary.

Participating airlines report their overall monthly network performance where this is possible.

Total industry figures encompass all services operated by reporting airlines only. These airlines collectively carried over 95 per cent of total domestic passengers (regular public transport only) in 2011.

The method of capturing on time performance varies between airlines utilising different recording systems. Jetstar and Qantas jet aircraft use Aircraft Communication Addressing and Reporting System (ACARS) to electronically measure on time performance. Regional Express, Skywest, Tiger Airways, Virgin Australia, Virgin Australia – ATR/F100 Operations and the Qantas non-Jet fleet record on time performance manually using records from pilots, gate agents and/or ground crews.

After initial data is collected, aggregate reports are audited internally by participating airlines prior to publication.

Reports and detailed time series data in Microsoft Excel spreadsheet format are available from the BITRE website at: <http://www.bitre.gov.au/statistics/aviation/otphome.aspx>.

Industry performance

For June 2012, on time performance over all routes operated by participating airlines (Jetstar, Qantas, QantasLink, Regional Express, Skywest Airlines, Tiger Airways, Virgin Australia and Virgin Australia – ATR/F100 Operations) averaged 81.7 per cent for on time departures, and 79.2 per cent for on time arrivals. Cancellations represented 1.5 per cent of all scheduled flights. The equivalent figures for June 2011 were 81.5 per cent for departures, 79.8 per cent for arrivals and 5.3 per cent for cancellations. In June 2011, on time performance and cancellations in particular were impacted by the volcanic ash cloud from Chile.

The long term average performance for all routes since reporting commenced in November 2003 is 84.0 per cent for on time departures and 82.7 per cent for on time arrivals. Cancellations average 1.2 per cent of all scheduled flights.

Tiger Airways operated on a reduced schedule with 935 sectors flown in June 2012 compared to an average of 1 725 sectors flown per month for January to May 2011.

Of the major domestic airlines, Tiger Airways achieved the highest level of on time departures for June 2012 at 86.7 per cent, followed by Virgin Australia at 86.3 per cent, Qantas at 86.2 per cent and Jetstar at 78.3 per cent. The regional airlines were led by Regional Express at 84.8 per cent, followed by Virgin Australia – ATR/F100 Operations at 84.1 per cent, Skywest at 75.9 per cent and QantasLink at 70.7 per cent.

Virgin Australia achieved the highest on time arrivals among the major domestic airlines at 83.9 per cent, followed by Tiger Airways at 83.7 per cent, Qantas at 83.5 per cent and Jetstar at 77.8 per cent. Regional Express was the best performing regional airline for on time arrivals at 82.2 per cent, followed by Virgin Australia – ATR/F100 Operations at 80.4 per cent, Skywest at 71.4 per cent and QantasLink at 67.6 per cent.

QantasLink had the highest percentage of cancellations for June 2012 at 3.7 per cent, while Skywest had the lowest percentage of cancellations at 0.2 per cent.

Of the 56 routes which met the criteria for on time performance reporting in June 2012, the Adelaide-Gold Coast route had the highest percentage of on time departures (96.4 per cent) and the Townsville-Sydney route had the lowest percentage of on time departures (51.9 per cent). The Adelaide-Gold Coast route also had the highest percentage of on time arrivals (96.4 per cent) and the Townsville-Cairns route had the lowest percentage of on time arrivals (50.3 per cent).

Cancellations were highest on the Canberra-Sydney route at 4.8 per cent, followed by Port Hedland-Perth at 4.7 per cent, Port Lincoln-Adelaide at 4.0 per cent, Townsville-Cairns also at 4.0 per cent and Sydney-Canberra at 3.7 per cent.

Ayers Rock Airport recorded the highest percentage of on time departures (93.3 per cent) and Kalgoorlie Airport recorded the lowest percentage of on time departures (59.6 per cent). Adelaide Airport recorded the highest percentage of on time arrivals (89.1 per cent) and Coffs Harbour Airport recorded the lowest percentage of on time arrivals (62.3 per cent). These figures only refer to reported routes and do not cover all flights at these airports.

Individual routes

On time performance is reported for all routes where the passenger load averages over 8000 passengers per month over the previous six months, and where two or more airlines operate in competition on those routes. There are now 56 routes which meet this definition. Over time, however, routes which meet this definition may change as airline networks and traffic levels vary.

Airports

On time performance is reported for all routes where the passenger load averages over 8000 passengers per month, and where two or more airlines operate in competition. The following data reports by airport against flights operated on those routes only.

Airport	Departures			Arrivals		
	Sectors Flown	No.	On Time %	Sectors Flown	No.	On Time %

Definitions

On time departure	A flight departure is counted as "on time" if it departs the gate within 15 minutes of the scheduled departure time shown in the carriers' schedule.
On time arrival	A flight arrival is counted as "on time" if it arrived at the gate within 15 minutes of the scheduled arrival time shown in the carriers' schedule. Neither diverted nor cancelled flights count as on time.
Cancellation	A flight removed from service within 7 days of scheduled departure is regarded as a cancellation.
On time departure percentage	The percentage of on time departures is measured against the number of departures <i>operated</i> on any particular sector.
On time arrival percentage	The percentage of on time arrivals is measured against the number of arrivals <i>operated</i> on any particular sector.
Cancellation percentage	The percentage of cancellations is measured against the number of services <i>scheduled</i> on any particular sector.
